## Manufacturing Certificate Program (MCP)

MCP is a hands-on training program for students with disabilities. This opportunity resulted from a partnership with Nebraska VR, Central Community College, local manufacturing businesses, and schools.

Students take classes, tour manufacturing businesses, and either work part-time or participate in an internship with our employer partners.

### How to get started:

- Meet with Nebraska VR Employment Specialist assigned to your school to fill out an application. (Scheduled through your guidance counselor or teacher.)
- Interview with employers.

To learn more about Nebraska VR, go to: [vr.nebraska.gov](http://vr.nebraska.gov). Find us on Facebook at: [facebook.com/NebraskaVR](https://facebook.com/NebraskaVR). Contact Nebraska VR staff members at our Columbus Service Office: 877-505-0866 or 402-562-8065.
